## 2. Official Business Activity

**Information Technology Enabled Services (ITeS) & Online Hyperlocal Marketplace Intermediary** connecting local residential customers with verified independent delivery runners and domestic service helpers across three foundational verticals: **Home Services**, **Medicine Delivery**, and **Custom Work**.

## 3. Detailed Business Description (For Bank / Payment Gateway / Govt Portals)

**Need2Done** is a technology-driven hyperlocal convenience platform providing on-demand household chores, deep cleaning, personal domestic assistance, urgent medicine collection, and custom errand services through automated digital channels (WhatsApp Business Bot & Web Platform). The platform acts strictly as a digital intermediary facilitating instant booking, dispatching, live order updates, and secure digital payment settlements between customers and verified local service partners.

## 4. Core Active Service Verticals (3 Pillars)

| <b>1. Home Services</b><br>(Live Portal)             | Professional on-demand residential assistance including <b>Home Deep Cleaning, Kitchen Deep Cleaning, Bathroom Scrubbing &amp; Sanitization, Dishwashing Assistance, Laundry &amp; Ironing Help</b> , and <b>Fan/Window Cleaning</b> by background-verified helpers.      |
|------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>2. Medicine Delivery</b><br>(Pharmacy Assistance) | Doorstep collection and delivery of prescription medicines and OTC health/wellness products directly from licensed local retail pharmacies against valid customer prescription uploads. (Need2Done acts solely as courier intermediary; does not sell or dispense drugs). |
| <b>3. Custom Work</b><br>(Personalized Tasks)        | Tailor-made local errands, custom task execution, item/document pick-and-drop, queue standing, and personalized domestic assistance booked on customer demand.                                                                                                            |

## 5. Operational Scope & Upcoming Services Notice

### Notice Regarding Handyman & Upcoming Services:

- **General Handyman & Heavy Structural Trades:** Heavy electrical rewiring, pipe plumbing overhauls, and carpentry construction are NOT standard catalog listings. Minor assistance is undertaken strictly under *Custom Work / Special Requirement* upon customer request.
- **Upcoming Service Rollouts:** Full-scale General Handyman & Appliance Repair, Grocery Fulfilment, and Specialized Trade Maintenance are currently under development and will be officially launched in upcoming expansion phases.
