

Need2Done (N2D) — Master Launch & Compliance Index

Folder Structure & Legal Documentation System for Commercial Launch

■ Need2Done Active Core Verticals (3 Services)

Need2Done operates as a master hyperlocal platform offering three foundational service lines:

1. **Home Services** (<https://need2done.in/home-services/>): Deep cleaning (kitchen, bathroom, floors, fans, windows), dishwashing, laundry, ironing, and professional domestic helpers.
1. **Medicine Delivery**: Rapid prescription and OTC medicine collection and doorstep delivery from licensed neighborhood pharmacies.
1. **Custom Work**: On-demand custom tasks, pickup and delivery, document courier, store errands, and personalized assistance.

[!NOTE] Upcoming Services Notice: Additional services including General Handyman & Electrical/Plumbing Repairs, Grocery Fulfilment, and Extended Specialized Maintenance are currently under engineering and will launch in subsequent rollout phases.
